

The Sheffield Green

Working for the local community

Sheffield Council Elections May 6th - Highfield Edition

The Green team working with you

We knock on doors year round and help people with problems (casework). We have worked with **Shoreham Street TARA** and **Sharrow Community Forum** and kept up the pressure on **Sheffield United Football Club** to help the local community. Green Party volunteers deliver a quarterly newsletter so people know what we are doing and how to contact us.

Fighting to save jobs at Portland Works

The **John Street** area still has affordable workshops for metal trades, craftsmen, artists and musicians. **Portland Works** is a Grade II* listed building with over 30 businesses. We are helping the tenants to fight a planning application for apartments. We collected a petition from residents, attended meetings and helped to involve the press.

Road safety and parking

Green Cllrs working with the local TARA have secured funding for a mini-roundabout and improved crossings on **Shoreham Street /**

Charlotte Road. We campaigned successfully for a cut in permit prices for the new parking scheme and are supporting residents calling for an early boundary review.

Dropped kerbs for Alderson Rd

Rob Unwin worked with two disabled residents to identify the most important places for dropped kerbs. Green Councillors made sure they were funded via the Community Assembly. It is now easier to go from **Sharrow Lane** to **Bramall Lane** and along **Alderson Rd** to **Lloyds chemist**.

Better TV reception

Green Councillors managed to get new TV Aerials for residents on **Lancing Road** and **Shoreham Street** where reception had been affected by new building work in the area.

Greens are the winning team

Council Candidate Rob Unwin

In every election since 2004 Green Party candidates have been elected in Central Ward. Local residents say they have noticed an improvement in the area over this time, streets are generally cleaner and there is less crime. We are not complacent though, we know there are plenty more things we can do to make this area better.

Last Central Ward Election Result

Rob Murphy (GREEN) 1611

Labour 1563

Lib Dem 522

Con 311

Council elections in this ward are a close battle between the Greens and Labour. The Lib Dems have always finished third. (Jillian Creasy is standing to be an MP)

GREENS MAKE A DIFFERENCE CITYWIDE

In this year's Council Budget we proposed:

- * **No job losses**, by offering voluntary part-time working
- * **£10 million** "invest to save" for insulation and renewable energy for homes and council buildings
- * An extra **free city centre bus** connecting to the Hallamshire and Children's Hospital and Universities
- * More money for **pedestrian crossings**
- * A **free bulky waste collection service**

GREENS CHALLENGE THE OTHER PARTIES ON THE COUNCIL

We opposed the Labour Government on:

- * Expensive ID card plans
- * Post Office closures
- * Privatisation of Public Services
- * War

Rob Unwin on a Stop the War march

We opposed the Lib Dem council on:

- * Cuts to jobs and services, such as opening hours at Highfield Library (right)
- * Moving transport money away from areas of need
- * Plans to close local school Abbeydale Grange (right)
- * Removing public transport priorities
- * Their blocking of wind farm proposals
