

DON'T VOTE LABOUR: They spent 13 years privatising public services, increasing inequality, taking our civil liberties and leading us into the war in Iraq.

DON'T VOTE LIB DEM: Their cuts are already putting people on the dole and hitting the poorest hardest.

VOTE GREEN - FOR 6 GOOD REASONS:

1. GREENS CAN WIN

Our first MP was elected this year and we already have two Councillors in neighbouring Central Ward. Over 15,000 people voted Green in Sheffield's last local elections.

2. FOR A HARD-WORKING LOCAL COUNCILLOR

Campaigner Graham Wroe has lived in the area for over 30 years. He has fought many battles for the community, most recently as part of the group campaigning to maintain your access to station bridge.

3. INVESTMENT IN JOBS

The Greens would provide real jobs to benefit all Sheffields and not make cuts in jobs and services that would hit the vulnerable the most.

4. FOR A LIVING WAGE

Greens are fighting for a 'living wage' (of at least £7 an hour) in the council and the city.

Graham Wroe speaking at a station bridge closure demonstration

5. BETTER, MORE AFFORDABLE HOUSING

Greens on Sheffield Council have campaigned for more council housing, to make the lettings policy clearer and fairer, and to make homes warmer and more efficient.

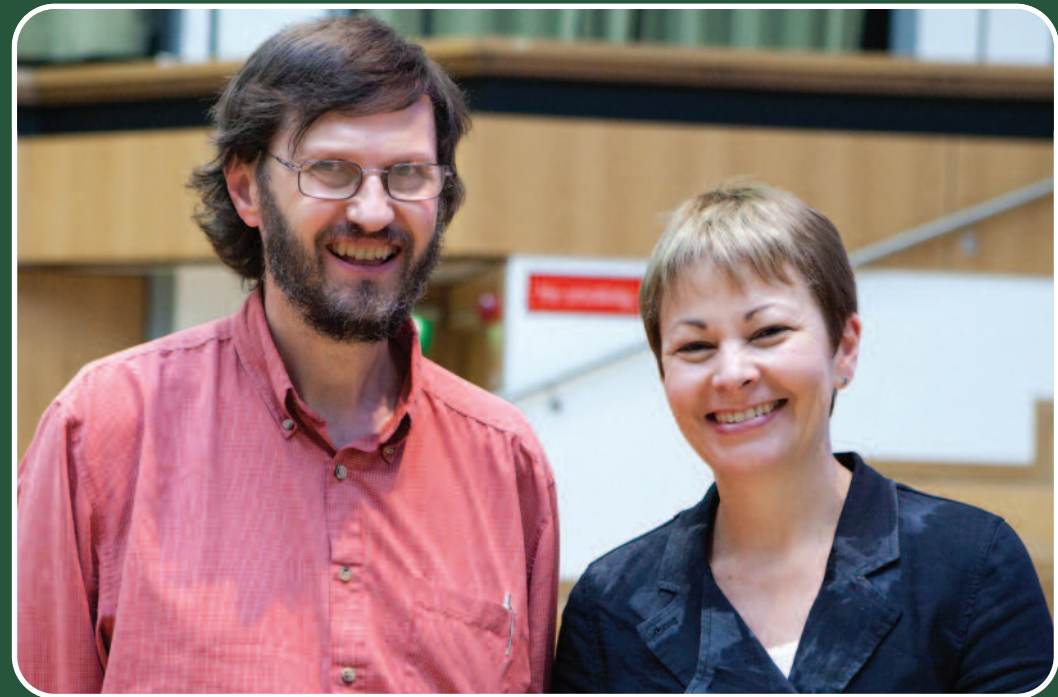

6. SAFER STREETS

20 is plenty. Greens are campaigning for a 20 mph speed limit on residential roads.

Graham Wroe - The Local Choice

Graham Wroe with Councillors Rob Murphy and Jillian Creasy

Britain's first Green MP Caroline Lucas was elected this May and has become a real voice for change in parliament. She is working to stop privatisation in schools and hospitals and campaigning against government cuts. The Conservatives and Lib Dems have shown contempt for ordinary people by cutting benefits and services, but Labour got us into this mess and would have made massive cuts too if they had been elected. The Green Party wants investment now to avoid recession. We want the banks to be broken up and the creation of a non profit, People's Bank.

You have the chance to send a message to the big 3 parties. We can't go on like this - it is time for change. Stop risking our future for quick profits for the few.

A GREEN VOTE IS FOR

X INVESTMENT IN JOBS

Sheffield needs investment to avoid the worst effects of the cuts.

We will invest in better insulation and solar panels on houses. This would save money for residents, make money for the Council and help the local economy. Our priority is to protect people in Sheffield from the cuts.

X SAFER STREETS

Green Councillors in Sheffield are working to reduce traffic congestion, air pollution and road danger. We want :

- 20 mph speed limits on residential roads (not main roads)
- The council to take back control of bus services
- Cheaper fares
- Pedestrian access through the railway station for all

X STRONGER COMMUNITIES

We support local businesses over big companies, which often damage the local economy. We want more support for schools and youth facilities.

Green Candidate **GRAHAM WROE**

Graham has lived in Hyde Park and Norfolk Park since 1979 and has a strong record of campaigning for our area. As chair of Residents against Bernard Road Incinerator he helped shut down the old polluting incinerator near Hyde Park. He is now working hard as press officer for Residents against Station Closure to ensure pedestrians can continue to cross the railway bridge. Graham teaches at Sheffield College. Last year he improved his house with insulation and solar panels.

He says, "I have drastically reduced my bills and I want to make sure everyone in our area can too. We must find ways to make this technology more affordable for people. Greens on Kirklees Council are putting solar panels on council houses and we should too.

Over 30 years I have seen the Green Party grow into the force it is today with an MP in Westminster, and councillors countrywide. People are realising that our policies are sensible and worth voting for. Please elect me and I will do my best for our community."
