BUILDING A GREEN TEAM

Sheffield's Green councillors

From bus chaos to tree felling, Sheffield's Labour Council isn't listening. Green councillors listen to local people and hold the council to account on your behalf. More elected Green councillors will mean a better Sheffield.

Caroline Lucas MP

Caroline Lucas is the real opposition in parliament, showing what a Green MP and elected Greens can do. Fighting for a better democracy and against cuts and privatisation.

CHOOSE GREEN

BETTER TRANSPORT

GREENS would be tougher with the bus companies and invest more in rail, tram and cycle routes.

LABOUR has caused chaos on the city's buses and failed to tackle poor air quality.

VALUE FOR MONEY

GREENS would keep more council services in-house. We would open up contracts to public scrutiny.

LABOUR are cutting vital services to pay for the big contracts signed by both Labour and Lib Dems.

MORE HOUSING

GREENS would build more and better quality housing and work to improve standards for private rented homes.

LABOUR cut support for tenants and residents groups, and rejected solar power plans that would have cut bills.

LOWER ENERGY BILLS

GREENS would invest in clean energy and insulating homes. This saves money and creates jobs.

LABOUR still support nuclear power, have refused to oppose fracking and took us to war over oil.

LISTENING COUNCIL

GREENS would record council meetings for public viewing. We respect the referendum rejecting an elected mayor.

LABOUR have ignored 10,000+ signature petitions and refused to answer Freedom of Information requests.

GREEN ACTION

Green Councillors have worked to stop litter and fly-tipping and deal with anti-social behaviour. We have challenged the policy of selling public services without public scrutiny.

We opposed plans for a new elected mayor, rejected in a 2012 referendum.

The Sandygate Rd white lines farce highlighted a Labour-run council not listening to local people.

In the council budget we proposed to:

- Cut the price of residents' parking permits
- Cut executive pay in the Council
- Invest £6.5 million in cutting fuel bills for homes and schools

We also found extra money to:

- Cut air pollution from taxis
 - Improve road safety and public transport
 - Save vital care for the elderly and disabled
- All were rejected by the ruling Labour group.
