CHOOSE GREEN

 <p>REPRESENT PEOPLE</p>	 <p>GREEN councillors stand up for local residents on traffic, parking, crime, planning and licensing. We give information and help people influence how services are provided.</p>	 <p>The LABOUR council is passing on government cuts without proper consultation or offering an alternative.</p>
 <p>JOBS NOT CUTS</p>	 <p>GREENS would invest in jobs, tax the wealthy and close tax loopholes. We favour local shops and businesses because they keep money in Sheffield.</p>	 <p>LABOUR did not regulate the banks and has not said they would stop cuts in public services and welfare.</p>
 <p>LOWER BILLS</p>	 <p>GREENS invest in energy saving, insulating homes, and renewable energy. This cuts bills and CO2 emissions. Recent floods show climate change is a real threat.</p>	 <p>LABOUR rejected a GREEN plan to use government subsidies to fit solar panels on 1,000 council homes, to cut bills and create jobs.</p>
 <p>STOP PROFIT-EERING</p>	 <p>GREENS argue against privatising council services and try to bring them back in house. When private companies come in, we hold them to account.</p>	 <p>LABOUR privatised academy schools and parts of the NHS; huge profits are made while cuts bite.</p>

GREEN ACTION

Green councillors have:

- Got the council to adopt the Living Wage
- Improved streets for walking and cycling
- Made many homes warmer and drier
- Monitored planning and licensing applications
- Improved green spaces.

In the council budget we proposed to:

- Cut parking permit prices
- Cut executive pay
- Invest £5 million to cut fuel bills.

We also called for a referendum to raise council tax by 48p a week for most households, in order to:

- Save vital care for the elderly and disabled
- Keep all libraries open
- Help those on lowest incomes.

With more Green councillors we could get these ideas through.
