

PROTECTING LOCAL SERVICES

Closed down ! Post Offices bring trade to local shops and need more protection

The council should control our bus routes, not First and Stagecoach

Anne Barr Nether Edge candidate

I live close to Nether Edge crossroads and taught languages for many years in Sheffield schools. I joined the Green Party because it is inclusive with common sense policies based on fairness for all.

Our local surveys have identified your key issues including graffiti and anti-social behaviour.

Austerity threatens our diverse community and the

local initiatives and events that make Nether Edge special. If you elect me, I will resist cuts to vital local services and support local shops over chains and supermarkets. I will promote public transport and push for 20mph speed limits on residential roads (other than main routes) to make them safer for everyone.

Sheffield Council and
European Parliament Elections
Thursday 22nd May 2014

PROTECTING OUR COMMUNITY

ANNE BARR
Green Party Candidate
Nether Edge ward

www.sheffieldgreenparty.org.uk • www.greenparty.org.uk

www.younggreens.org.uk  **Nether Edge Green Party**

GREEN VOICES

Green MP Caroline Lucas (above right) is a voice in Parliament for fairness and justice. Green Cllrs Jillian Creasy (above left) and Rob Murphy speak up for you on Sheffield Council.

In the European Parliament election, Andrew Cooper (above right with the European candidate team) can become the first Green MEP in this region under the proportional representation system.

REPRESENT PEOPLE

GREEN councillors stand up for local residents on traffic, parking, crime, planning and licensing. We give information and help people influence how services are provided.

The **LABOUR** council is passing on government cuts without proper consultation or offering an alternative.

JOBS NOT CUTS

GREENS would invest in jobs, tax the wealthy and close tax loopholes. We favour local shops and businesses because they keep money in Sheffield.

LABOUR did not regulate the banks and has not said they would stop cuts in public services and welfare.

LOWER BILLS

GREENS invest in energy saving, insulating homes, and renewable energy. This cuts bills and CO2 emissions. Recent floods show climate change is a real threat.

LABOUR rejected a GREEN plan to use government subsidies to fit solar panels on 1,000 council homes, to cut bills and create jobs.

STOP PROFIT-EERING

GREENS argue against privatising council services and try to bring them back in house. When private companies come in, we hold them to account.

LABOUR privatised academy schools and parts of the NHS; huge profits are made while austerity cuts bite.

GREEN ACTION

Anne on Sharrow Vale Road. Greens are calling for a return to non-profit parking schemes.

Green councillors put their principles into practice. They have:

- Got the council to adopt the Living Wage for all workers
- Improved streets for walking and cycling
- Made many homes warmer and drier
- Monitored planning and licensing to protect residents
- Improved green spaces

In this year's council budget we proposed cuts to parking permit prices and executive pay and investing £5 million to cut fuel bills. We called for a referendum to raise council tax by just 48p a week for most homes in order to save vital care for the elderly and disabled, keep all libraries open and help those on the lowest incomes. With more Green councillors we could get these ideas through.

VOTE GREEN – JOBS NOT CUTS
